

COURSE REPORT

August 20th - September 20th 2016

WEATHER

- There has been 149mm of rain recorded for the month. 118mm Of that fell in one day flooding the course.

COMPLETED WORK

- All sprinklers, Drain Boxes and Valve Boxes on the golf course have been trimmed around.
- Tees and Fairways were aerated with 16mm solid tines 100mm deep at 25mm spacing's.

COURSE GROOM

- Fairways were cut once a week.
- Tees were cut weekly and tee pads were trimmed around.
- Surrounds were cut weekly with the fairway mower.
- Rough was cut three times this month.
- The bunkers were raked every Friday.
- The greens were cut six days a week and rolled twice a week.
- Hazard lines have been cut once this month.
- The bunkers were edged with a weed eater and fly mowed.
- New holes on greens were cut Fridays.
- Rubbish bins were emptied every Monday and Friday.
- Weed eating around the 90, 135 and 180 fairway markers was carried out once a month.
- The junior red tees are mowed weekly.

GREENS

- The greens were aerated with 16mm solid tines at 100mm deep and 25mm spacing's.
- Greens were Verti-cut and seeded with creeping bent and then fertilised. Then the greens were top dressed with sand and the sand drag-matted in.
- And then a fungicide was sprayed to protect the turf from disease.

NEXT MONTH AGENDA

- Renovate Greens and Surrounds.
- Fertilise Greens, Tees and Surrounds.
- Weed spray (Weather permitting.)
- Sand dress greens.
